Letter of Protest
Docket No. 2020-229-E

Date: * 24 Mar 2021

Protestant Information:	
Name *	Donald F. Griggs
Mailing Address *	
City, State Zip *	Columbia SC
Phone *	
E-mail	

1. What is your connection or interest in this case? For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I have been a Dominion/SCE&G customer for over 40 years.

I do not have any solar installed or planned for my shaded lot, nor do I have family or close friends in the solar industry.

2. Please give a concise statement of your protest. (This section must be completed. Attach additional information if necessary.)

I am an example of a consumer that would allegedly be harmed by solar cost-shifting. However, not only is the amount of the shift quite small, but it pales monumentally in comparison to the cost hazard of slowing the shift to renewables. The hazards are very real and the costs will be very high. Investor-owned utilities perform a great service to our state, but we've set them up to be monopolies with perverse incentives -- to make money for investors by making their own capex and not by saving money in the long run for consumers such as myself. Our renewable portfolio standard is abysmally low and our carbon price is non-existent. It would seem to be the job of the PSC to take the long view for the well-being of our state.

I urge you to reject the solar tariff changes proposed by Dominion Energy. There's plenty of time for

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony?

No.
